

WMF Perfection Premium Cleaning Set

Coffee delight for all your senses

Experience flawless cleaning with the WMF Perfection cleaning set!

The WMF Perfection Premium Cleaning set is the perfect solution to keep your high-quality WMF fully automatic coffee machine in top shape. This comprehensive set contains three new important products to ensure that your coffee pleasure is always perfect:

1 WMF Perfection PREMIUM Liquid Descaler

Our descaler ensures that your machine is free of lime-scale deposits that can affect the performance of your coffee machine. By descaling regularly, you not only get the full taste of your coffee, but also extend the life of your machine.

2 WMF Perfection PREMIUM Parts Cleaner

With our unique cleaning formula, you can effortlessly remove even the most stubborn coffee grease residues. The essential silicone-based sliding greases remain untouched, so no additional lubrication of moving parts is required. The WMF Perfection Premium Parts Cleaner is not only suitable for cleaning the inside of your coffee machine, but also for the gentle care of surfaces such as stainless steel, lacquer and glass.

3 WMF Perfection PREMIUM milk system cleaner

For all coffee lovers who prefer milk coffee specialties, our milk system cleaner is a perfect addition. It effectively removes milk residues, therefore avoids bacteria and thus ensures additional hygiene. Enjoy creamy frothed milk drinks in long lasting excellent quality.

All products in this set are specially designed for WMF Perfection fully automatic coffee machines and guarantee gentle but thorough cleaning - for fresh, aromatic coffee at all times and a long lifetime for your machine.
