for articles made from metals and alloys intended to come into contact with food

Hereby we confirm that our product:

Colander "Profi Select"

Item No.: 06.4619.6040

complies with the legal regulations laid down in the German Commodity Ordinance, the Regulation (EC) No 1935/2004 and the Regulation (EC) No 2023/2006, in their relevant versions.

Description (material/optics): Colander is made of stainless steel (Cromargan® 18/10), with big holes

When used as specified, the transition of substances does not exceed the legal limits (Specific Release Limits – SRL) according to Council of Europe Resolution CM/Res(2013)9 on metals and alloys used in food contact materials and articles (effective 2013 – 1st Edition). The test was performed according to the „Technical guide on metals and alloys used in food contact materials and articles“.

Specification of the intended use or limitations:

- Type (s) of food intended to come into contact with the material:

Salad, water

- Intended duration and temperature of treatment and storage while in contact with the food:

Repeated short-term contact with temperatures up to 100°C

- Ratio of the area of the food contact surface to the volume used to determine the compliance of the food contact material or article:

200 ml/dm²

This declaration is valid for the product delivered by us as specified above. Under consideration of the food contact conditions stated, the product complies with the stipulations of these Directives regarding the specified foods. The user shall verify himself that the product is suitable for the intended food beyond the stipulations of the Directives.

Declaration of Compliance

The validity of the declaration is ending if the requirements are changed.
